EXPERIENCE

Technical Consultant Intern — December 2024 – Present
Empiric Technology
- Developed expertise in **Microsoft Dynamics 365 Business Central** and **AL** programming to customize ERP systems for business optimization.
- Gained hands-on training in ERP system customization, focusing on streamlining workflows and meeting client-specific requirements.

Founding Member — June 2024 – Present
Elite Robotics
- Increased student enrollment **by 100%** through targeted online and in-person marketing campaigns including the management of social media accounts and active promotion at community events turning **over $10,000** in sign-ups in the first month of operation
- Led instructional sessions on robotics and block-based coding, teaching and overseeing camps at multiple locations for children ages 8-12, directly impacting **over 150 students**
- Trained and mentored new coaches, ensuring high-quality instruction and consistency across all programs.

LEADERSHIP EXPERIENCE

Volunteer Event Organizer — August 2024 – Present
MIC Center
- Coordinated events for a community of **over 500 attendees**, ensuring smooth operations, logistical planning, and timely execution of activities.
- Collaborated with a team of 20 volunteers to plan, promote, and manage events, including community gatherings, youth involvement, and charity drives.
- Created vibrant posters using Canvas and other UI/UX tools to drive community engagement

Intern — January 2025 – Present
University of Houston United Mission Relief Club
- Co-organized and participated in bi-weekly charity drives, bake sales, and food drives that raised money for humanitarian efforts in third world countries and local communities
- Helped streamline efficiency and lead a group of 30 volunteers to produce **over 500 meals** for homeless communities across downtown Houston

Tutor — August 2022 – December 2022
AF Mentoring
- Tutored underprivileged children in Pakistan, designing engaging lessons in math and English to improve literacy and numeracy skills, fostering a supportive learning environment.
- Increased reading test scores by 15% over one month time utilizing online tools such as IXL to improve literacy

EDUCATION

University of Houston — Houston, TX
Bachelor of Science in Computer Science, Minor in Business — *Expected: May 2028*
- **Major GPA: 4.00/4.00**
- **Honors:** Dean's List, Academic Excellence Scholarship

PROJECTS

Mock City Website | *HTML, CSS, Javascript, VS Code, Replit* — July 2024 – August 2024
- Developed the frontend for a mock website for the city of Calgary using **HTML, CSS, and JavaScript**, addressing design and usability shortcomings in the existing official site.
- Executed the project independently within one week, leveraging tools like Visual Studio Code and Replit for efficient development and deployment.
- Demonstrated an eye for design and functionality by improving user interface aesthetics and providing a simplified prototype
